

It's been a while since our last letter and we have been making some improvements to storage inside and repainting/preserving the outside of the Coronation Hut.

Plans for an activity trail have been put on hold for the moment while we double-check our requirements so that we are sure we have the right sort of equipment, before making any large expenditure. In the meantime we are to purchase a solar cover for the pool to increase the temperature of the water by a couple of degrees then later we hope to add a heating system. We have put out several requests for wet suits which are no longer required and we are still collecting them - so if you know anyone who has a wet suit which they have out grown please remember us, or if you are passing by any charity shops please call in and see if they have any which have been donated.

With funds raised from the raffle and events and with a little help from County we have purchased an aeroball which will be delivered and installed in the next few weeks to be enjoyed by our summer visitors. If you don't know what it is - come and see!

At our spring work day we had to spend a lot of time clearing wood from the winter storms but managed to stock up several wood piles for the camp sites. The large logs will be removed from the entrance drive and there is much work arranged by the Management Committee to ensure the remaining trees are safe and healthy.

We have a Work Day planned for 1st June as we have to prepare the site for the aeroball and water slide and pool. Thanks to Wesley the water slide has already been repaired and relaid and apparently much enjoyed by visiting Brownies last weekend. There are still plenty of jobs to do, large and small in preparation for the busy summer holiday season. Do please come and help if you can spare a bit of time during the day, from 10.30 a.m.

The next Work Day will be Saturday 9th August.

We do need to find new ways of fund raising and would be happy to hear any suggestions or ideas you may have. Would you like to join the Friends of Heyswood Committee, new members are welcome.

Do you know any companies who may like to sponsor or support us perhaps with donations of money or manpower in the way Wates did last year?

Friends of Heyswood membership was due to be renewed 1st April and our Subscriptions Secretary will be delighted if you could pay your renewal as soon as possible.
